HAVAL H6

FROM GREAT WALL, TO THE WORLD

Haval stands as the global SUV specialist, engineered for excellence, built for the world. As a key brand under the rapidly expanding GWM Group, we fuse top-tier components, advanced safety features, and cutting-edge technology from across the globe. Our DNA is defined by passion, precision, and an unshakable commitment to what matters most to our customers. With over 9 million vehicles sold in 60+ countries, and crowned China’s #1 SUV brand for 12 consecutive years, we are more than just an automobile manufacturer, we are a movement.

SAZGAR was established in 1991 as a public limited company. It has more than 1000 employees. SAZGAR quickly became a household name in the automobile industry, with over 30 years of experience SAZGAR is proud to be the first electric 3-wheeler manufacturer in Pakistan and the only OEM from Pakistan to export its indigenous vehicles to 25+ countries including Japan.

BRAND VALUE

Part of Forbes The World’s 2000 Largest Public Companies, Great Wall Motors continues to receive impressive accolades consistently. In 2019, Haval was named as one of the BrandZ Top 100 Most Valuable Chinese Brands. In 2023, GWM was awarded as the “Best Car Brand” in Chile. Furthermore, the Haval H6 won the "Best Hybrid Model" and "Lowest Cost for Hybrid Models" awards in Brazil in 2024.

GWM'S L.E.M.O.N PLATFORM: *A \$1 BILLION TECHNOLOGY INITIATIVE*

At the core of our engineering excellence lies the GWM L.E.M.O.N platform: a next-generation, multi-mode hybrid system crafted for versatility. This platform seamlessly adapts to diverse driving demands; offering a balance of power, fuel economy, quiet performance, and responsive comfort across every terrain.

The Haval H6, built on this intelligent architecture, features a full steel body with reinforced strength, delivering uncompromising protection wherever your journey leads.

SETTING THE GLOBAL STANDARD OF SAFETY

The GWM Haval H6 is engineered with intelligent safety technology that goes beyond expectations. Equipped with a suite of Advanced Driver Assistance Systems (ADAS), it actively monitors and responds to road conditions, enhancing both driver awareness and vehicle control.

From city streets to open highways, enjoy every drive with elevated comfort and peace of mind, knowing that smart safety is always protective.

Intelligent AWD System, can realize transient response and torque distribution between systems within 110ms, realize 1200NM load distribution and transmission capacity, and make the torque ratio of front and rear axles up to 50/50.

	Horsepower	Max Torque
1.5T	182HP	275N.m
2.0T	235HP	385N.m
HEV	240HP	530N.m

INTRODUCING THE WORLD'S FIRST
EVER 9 SPEED DCT TRANSMISSION

The H6 2.0T engine achieves 0-100km/h is just 7.3 seconds, reduced fuel consumption by 10g-30g, lesser emissions, quietness ensured by reduction in shaft torsional vibration (by 30%), and 9-speed high efficiency gear ratio.

H6 2.0T Engine

H6 2.0T Transmission

The H6 1.5T, ensures an optimal balance between power and efficiency, with a 2nd generation wet 7DCT dual-clutch transmission

The H6 HEV, features a 1.5T hybrid-specific engine paired with a Two-Speed Direct Hybrid Transmission for smoother performance and enhanced reliability. Its 1.67 kWh battery delivers an impressive 530 Nm of torque, ensuring instant acceleration and a powerful, refined drive.
